

Investing for Success

**Under this agreement for 2022
Mitchelton State School will receive**

\$180 917*

This funding will be used to

- Improve teacher quality and expertise.
- Support students to succeed in all domains.

Our initiatives include

- Provide intervention for students currently near or below a 'C' standard in English.
- Continue to develop co-planning, co-teaching and co-assessing opportunities to further develop teacher understanding of the Australian Curriculum.
- Professional learning for teachers to support the Explicit Improvement Agenda.

Our school will improve student outcomes by

- Support teachers through the provision of professional development, pedagogical coaching and collaborative planning
- Improving teacher quality and expertise in the Explicit Improvement areas through coaching and professional development
- Provide additional human resourcing support to improve performance monitoring and interventions for students near or below a 'C' standard in English

Funding:

- Additional staffing to provide coaching for teachers and monitoring, intervention and support for students – \$180 917
