

# Mitchelton State School

## Student Code of Conduct

2026-2029

### ***Every student succeeding***

*Every student succeeding is the shared vision of Queensland state schools. Our vision shapes regional and school planning to ensure every student receives the support needed to belong to the school community, engage purposefully in learning and Queensland Department of Education experience academic success.*

State Schools Strategy 2020-2024

## Purpose

Mitchelton State School is committed to providing a safe, respectful and disciplined learning environment for all students, staff, parents and visitors.

The Mitchelton State School Student Code of Conduct sets out the responsibilities and processes we use in our school to promote a productive, effective whole school approach to discipline.

Its purpose is to facilitate high standards of behaviour from all in the school community. We believe that is essential to ensure that learning and teaching in our school is prioritised and that all students are able to experience success. Our school is a safe workplace for staff and students.

## Consultation

The consultation process used to inform the development of Mitchelton State School Student Code of Conduct occurred in three phases.

In the first phase, was a review of the previous Code of Conduct. This involved review legislation changes, examining a range of data sets and School Opinion data. Strengths and successes were identified from our previous school behaviour plan and areas for further development. A team consisting of the Behaviour boost committee, Leadership members and Mitchelton teaching staff worked collaboratively to complete this task.

In the final phase consultation and a review with the P and C to endorse the Code of Conduct. A core team has continued to lead, monitor, reflect and adapt the effective universal behaviour management systems in place within the school to continue to support positive behaviour and meet the unique needs of Mitchelton State School.

## Principal's Foreword

### Introduction

All areas of Mitchelton State School are learning and teaching environments. We consider the Student Code of Conduct to be an opportunity for valuable social learning as well as a means of maximising the success of student learning programs.

Our Student Code of Conduct outlines our system for facilitating positive behaviours and responding to inappropriate and unacceptable behaviours. Through our school plan, shared expectations for student behaviour are plain to everyone, assisting Mitchelton State School to create and maintain a positive and productive learning and teaching environment, where all school community members have clear and consistent expectations and understanding of their role in the educational process.

Our school believes our purpose is to strive to empower students as learners in a safe, nurturing and supportive environment to become capable, curious, creative and engaged. We therefore aim to develop learners who show the values of:

- Respect
- Responsibility
- Resilience
- Compassion
- Commitment

## Data Overview

Principals use a range of disciplinary consequences to address inappropriate behaviour. Suspensions, exclusions and cancellations of enrolment are only used as a last resort option for addressing serious behaviour issues. Principals balance individual circumstances and the actions of the student with the needs and rights of school community members.

All state schools are required to report School Disciplinary Absences (SDA) for the school year in their school annual report. There are four main categories of SDA: short suspension, long suspension, exclusion and charge-related suspension.

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

Additional data can be drawn from the school annual report which is located on the school website [www.mitcheltonss.eq.edu.au](http://www.mitcheltonss.eq.edu.au)

MITCHELTON STATE SCHOOL DISCIPLINARY ABSENCES			
Type	2024	2025	2026
Short Suspensions – 1 to 10 days	17	12	0
Long Suspensions – 11 to 20 days	0	0	0
Charge related Suspensions	0	0	0
Exclusions	0	0	0

## Learning and Behaviour Statement

Our school vision is to lead a community of learners who are curious, creative, capable and engaged.

In order to achieve this goal our school community has identified the following school rules to teach and promote our high standards of responsible behaviour:

- We **Work and Play Safely** in the right place at the right time
- We **Respect People & Property** kind words, kind actions
- We **Apply Ourselves to Learning**
- We **Follow Directions** – First time, every time

Our school rules have been agreed upon and endorsed by all staff and our school council.

They reflect systemic priorities and reflect our school’s commitment to ‘Every Child Succeeding’. Our staff take responsibility for making their expectations clear, for providing supportive instruction about how to meet these expectations, deliver lessons to teach these values and strive to use behavioural incidents as opportunities to re-teach.

### Students

Below are examples of what these expectations look like for students across the school. In addition, each classroom will have their own set of examples to help students and visitors understand the expectations and meet the standards we hold for everyone at Mitchelton State School.

#### We Respect People and Property

- Take responsibility for our actions and turn it around
- Respect the learning of others and the classroom
- Stay with class group and move quietly through the school
- Keep hands and feet to self and play fairly

#### We Apply ourselves to learning and follow directions

- Use strategies to regulate emotions – Ready to learn
- Participate in learning activities
- Arrive on time prepared for class
- Pick up our rubbish

#### We work and play Safely

- Be a positive upstander
- Ask for permission to leave the classroom and use an out of class pass
- Walk when moving through the school
- Sit down while eating and stay in the right area

### Parent expectation

<i>What we expect to see from you</i>	<i>What you can expect from us</i>
You make an appointment to speak with the class teacher or school leader to discuss any matters relating to your child	We will respond as soon as practicable to your request for an appointment and negotiate a mutually agreeable date and time with you
You are respectful in your conversations at home about school staff	We will ensure positive behaviours are role modelled for all students
You respect the obligation of staff to maintain student and family privacy	We will maintain confidentiality about information relating to your child and family
You recognise people are different and will be non-judgemental, fair and equitable to others in the school community.	We will welcome and celebrate a diverse school community with recognition of significant social, cultural and historical events.

You take a positive, solution-focused approach to resolving complaints.	We will nominate a contact person for you to work with to resolve a school related complaint.
You notice when others need help, parents, staff and students, and ask if there is anything you do to assist.	We will check in with you about your child's needs or any support your family may require.
You seek out opportunities to provide positive feedback to the classroom teacher about their work with the class, a student or colleagues.	We will work closely with families to accommodate their personal needs, including work commitments, finances and family structure.

<i>What we expect to see from you</i>	<i>What you can expect from us</i>
You share relevant information about your child's learning, social and behavioural needs with school staff.	We will share relevant information with you about your child's learning, social and behavioural progress at school.
You ensure your children attend school every day and notify the school promptly of any absences or changes in contact details.	We will create a safe, supportive and inclusive environment for every student.
You support your child to meet the learning and behavioural expectations at school.	We are clear about our learning and behavioural expectations and contact you to provide regular feedback about your child's progress.
You stay informed about school news and activities by reading the school newsletter and other materials sent home by school staff.	We will use the electronic school newsletter as the primary means of notifying parents about school news, excursions or events.

## Student Wellbeing and Support Network

Mitchelton State School offers a range of programs and services to support the wellbeing of students in our school. We encourage parents and students to speak with their class teacher or make an appointment to meet with the guidance officer if they would like individual advice about accessing particular services.

Learning and wellbeing are inextricably linked — students learn best when their wellbeing is optimised, and they develop a strong sense of wellbeing when they experience success in learning. The [student learning and wellbeing framework](#) supports state schools with creating positive school cultures and embedding student wellbeing in all aspects of school life through connecting the learning environment, curriculum and pedagogy, policies, procedures and partnerships for learning and life.

Mitchelton State School utilises a collaborative approach to behaviour support. This may include:

- Students
- Teachers
- Parents
- School Administrators
- Support Staff
- Head of Department – Student engagement
- Head of Special Education
- Guidance Officer

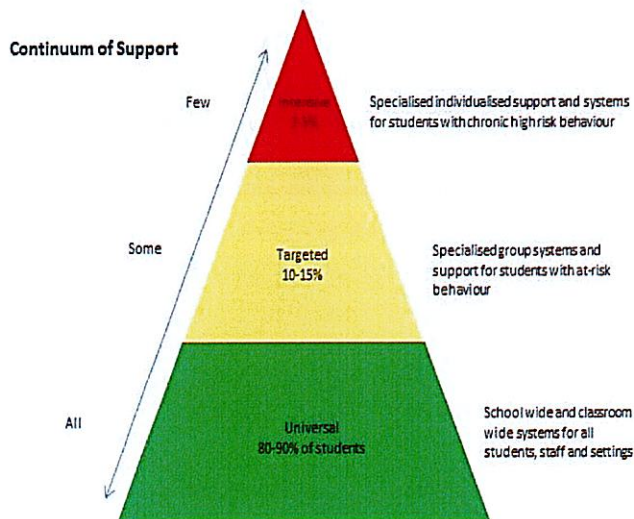

- Advisory visiting teachers
- Senior Guidance Officer
- School chaplain
- Positive Learning Centre staff
- Regional Behaviour Support Services staff
- Police Officer eg. Adopt-a-cop, Liaison Officer

#### Other Government and Community Agencies

- Disability Services Queensland
- Autism Hub
- Child and Youth Mental Health
- Queensland Health
- Department of Communities (Child Safety Services)
- Police
- Brisbane City Council
- Neighbourhood Community Centre

## Whole School Approach to Discipline

Mitchelton state School utilises a whole school approach to shape, support and recognise appropriate behaviours in all students.

We use a three-tiered approach to facilitating standards of positive behaviour and responding to unacceptable behaviour.

- **Universal**

In a supportive and well-disciplined school, approximately 80% to 90% of students require little, if any, additional support to follow the school rules and demonstrate appropriate social behaviours. Universal levels of support are provided to all students.

- **Targeted**

In a supportive and well-disciplined school, approximately 10 to 15% of students may occasionally need additional targeted support, specific adjustments or program intervention. Targeted support is typically delivered in small groups to the identified population.

- **Intensive**

In a supportive and well-disciplined school approximately 2 to 5% of students may need more intensive support and/or flexible learning options to assist them to continue their learning. These are typically individualised interventions for students with highly complex and challenging behaviours. Functional Behaviour Assessments are generally undertaken to assist with the development of intensive support options.

Universal, targeted and intensive behaviour support includes:

- quality learning and teaching practices.
- a balanced, relevant and engaging curriculum;
- supportive and collaboratively developed procedures;
- the implementation of evidence-based programs;
- regular monitoring and review of school procedures and programs;
- professional development for all members of the school community consistent with the school's evidence-based approach to promoting positive behaviour;
- adoption of practices that are non-violent, non-coercive and non-discriminatory; and
- a continuum of whole school positive preventative action for all students.

## Consideration of Individual Circumstances

Staff at Mitchelton State School take into account students' individual circumstances, such as their behaviour history, disability, mental health and wellbeing, religious and cultural considerations, home environment and care arrangements when teaching expectations, responding to inappropriate behaviour or applying a disciplinary consequence.

In considering the individual circumstances of each student, we recognise that the way we teach, the support we provide and the way we respond to students will differ. This reflects the principle of equality, where every student is given the support they need to be successful. This also means that not everyone will be treated the same, because treating everyone the same is not fair. For example, some students need additional support to interpret or understand an expectation. Others may benefit from more opportunities to practise a required skill or behaviour. For a small number of students, the use of certain disciplinary consequences may be considered inappropriate or ineffective due to complex trauma or family circumstances. These are all matters that our teachers and principal consider with each individual student in both the instruction of behaviour and the response to behaviour.

Our teachers are also obliged by law to respect and protect the privacy of individual students, so while we understand the interest of other students, staff and parents to know what punishment another student might have received, we will not disclose or discuss this information with anyone but the student's family. This applies even if the behavioural incident, such as bullying, involves your child. You can be assured that school staff take all matters, such as bullying, very seriously and will address them appropriately. We expect that parents and students will respect the privacy of other students and families.

If you have concerns about the behaviour of another student at the school, or the way our staff have responded to their behaviour, please make an appointment with a member of the school leadership team to discuss the matter through the office: [admin@Mitcheltonss.eq.edu.au](mailto:admin@Mitcheltonss.eq.edu.au) (07) 3550 2333

## Differentiated and Explicit Teaching

Mitchelton State School is a disciplined school environment that provides differentiated teaching to respond to the learning needs of all students. This involves teaching expected behaviours and providing opportunities for students to practise these behaviours. Teachers reinforce expected behaviours, provide feedback and correction, and opportunities for practise.

Teachers at Mitchelton State School vary what students are taught, how they are taught and how students can demonstrate what they know as part of this differentiated approach to behaviour. These decisions about differentiation are made in response to data and day-to-day monitoring that indicates the behavioural learning needs of students. This enables our teachers to purposefully plan a variety of ways to engage students; assist them to achieve the expected learning; and to demonstrate their learning.

There are three main layers to differentiation, as illustrated in the diagram below. This model is the same used for academic and pedagogical differentiation.

These three layers map directly to the tiered approach discussed earlier in the Learning and Behaviour section. For example, in the whole school approach model, Tier 1 is differentiated and explicit teaching for all students, Tier 2 is focussed teaching for identified students and Tier 3 is intensive teaching for a small number of students. Each layer provides progressively more personalised supports for students.

## Focused Teaching

A small number of students who have not responded to the universal (whole-school) behaviour support processes and strategies employed by the school require additional support. This may include:

- use of behavioural data to accurately identify students requiring targeted support;
- school based referral process for teachers seeking assistance to support students with targeted-level needs;
- team approach to supporting students on targeted support programs;
- use of data-based criteria for evaluation and exit from targeted support program;
- making adjustments as required to address individual students' needs; and • a range of program options for targeted support, for example:
  - adult mentoring
  - check in/check out
  - targeted/small group social skilling
  - individual rosters/timetables for playground or classroom

## Intensive Teaching

At times students present at school with a range of complex and challenging behaviours which require individual analysis and program development to support continued learning engagement.

This support is provided to students who have not responded to the universal and targeted behaviour support processes and strategies employed by the school. This may include the development of an Individual Behaviour Support Plan (IBSP) involving a school-based referral process, a team-based approach, collation and analysis of data, consultation with outside school support agencies and medical professionals. In addition to this, some students may require an Individual Student Safety Plan and a Risk Assessment. IBSPs are individualised and may include flexible and/or alternative learning options, specialised teaching/social skills programs and a tailored response plan for unacceptable behaviours.

## Legislative Delegations

### Legislation

- [Anti-Discrimination Act 1991 \(Qld\)](#)
- [Child Protection Act 1999 \(Qld\)](#)
- [Commonwealth Disability Discrimination Act 1992](#)
- [Commonwealth Disability Standards for Education 2005](#)
- [Criminal Code Act 1899 \(Qld\)](#)
- [Education \(General Provisions\) Act 2006](#)
- [Education \(General Provisions\) Regulation 2017](#)
- [Human Rights Act 2019 \(Qld\)](#)
- [Information Privacy Act 2009 \(Qld\)](#)
- [Judicial Review Act 1991 \(Qld\)](#)
- [Right to Information Act 2009 \(Qld\)](#)

- [Police Powers and Responsibilities Act 2000 \(Qld\)](#)
- [Workplace Health and Safety Act 2011 \(Qld\)](#)
- [Workplace Health and Safety Regulation 2011 \(Cwth\)](#)

## Delegations

Under the Education (General Provisions) Act 2006, state school principals are responsible for “controlling and regulating student discipline in the school”.

Principals are afforded a number of **non-delegable powers** to assist them to meet this obligation, including the authority to suspend, exclude or cancel the enrolment of a student at the school. These decision-making responsibilities cannot be delegated to other staff in the school, such as deputy principals.

The details of these responsibilities are outlined in the legislative instruments of delegation and instruments of authorisation provided below:

- [Education \(General Provisions\) Act 2006 Director-General’s delegations](#)
- [Education \(General Provisions\) Act 2006 Minister’s delegations](#)
- [Education \(General Provisions\) Act 2006 Director-General’s authorisations](#) • [Education \(General Provisions\) Regulation 2006 Minister’s delegations](#)
- [Education \(General Provisions\) Regulation 2017 Director-General’s delegations](#)

## Disciplinary Consequences

The disciplinary consequences model used at Mitchelton State School follows the same differentiated approach used in the proactive teaching and support of student behavioural expectations.

The majority of students will be confident and capable of meeting established expectations that are clear, explicitly taught and practised. In-class corrective feedback, sanctions and rule reminders may be used by teachers to respond to low-level or minor problem behaviours.

Some students will need additional support, time and opportunities to practise expected behaviours. Approximately 15% of the student population may experience difficulty with meeting the stated expectations, and even with focussed teaching, in class corrective feedback, sanctions and rule reminders continue to display low-level problem behaviour. A continued pattern of low-level behaviour can interfere with teaching and learning for the whole class, and a decision may be needed by the class teacher to refer the student to the school administration team immediately for determination of a disciplinary consequence.

For a small number of students, approximately 2-5%, a high level of differentiated support or intensive teaching is required to enable them to meet the behavioural expectations. This may be needed throughout the school year on a continuous

basis. The determination of the need will be made by the principal in consultation with staff and other relevant stakeholders. On occasion the behaviour of a student may be so serious, such as causing harm to themselves, other students or to staff, that the principal may determine that an out of school suspension or exclusion is necessary as a consequence for the student's behaviour. Usually, this course of action is only taken when the behaviour is either so serious as to warrant immediate removal of the student for the safety of others, and no other alternative discipline strategy is considered sufficient to deal with the problem behaviour.

The differentiated responses to problem behaviour can be organised into three tiers, with increasing intensity of support and consequences to address behaviour that endangers others or causes major, ongoing interference with class or school operations.

## Differentiated

Class teacher provides in-class or in-school disciplinary responses to low-level or minor problem behaviour. This may include:

- Pre-correction (e.g. "Remember, walk quietly to your seat")
- Non-verbal and visual cues (e.g. posters, hand gestures)
- Whole class practising of routines
- Ratio of 5 positive to 1 negative commentary or feedback to class
- Corrective feedback (e.g. "Hand up when you want to ask a question")
- Rule reminders (e.g. "When the bell goes, stay seated until I dismiss you")
- Explicit behavioural instructions (e.g. "Pick up your pencil")
- Proximity control
- Tactical ignoring of inappropriate behaviour (not student)
- Revised seating plan and relocation of student/s
- Individual positive reinforcement for appropriate behaviour
- Class wide incentives
- Reminders of incentives or class goals
- Redirection
- Low voice and tone for individual instructions
- Give 30 second 'take-up' time for student/s to process instruction/s
- Reduce verbal language
- Break down tasks into smaller chunks
- Provide positive choice of task order (e.g. "Which one do you want to start with?")
- Prompt student to take a break or time away in class
- Model appropriate language, problem solving and verbalise thinking process (e.g. "I'm not sure what is the next step, who can help me?")
- Provide demonstration of expected behaviour
- Peer consequence (e.g. corrective feedback to influential peer demonstrating same problem behaviour)
- Private discussion with student about expected behaviour
- Reprimand for inappropriate behaviour
- Warning of more serious consequences (e.g. removal from classroom)
- Detention

## Focussed

The class teacher is supported by other school-based staff to address in-class problem behaviour. This may include:

- Functional Behaviour Assessment
- Individual student behaviour support strategies (e.g. Student behaviour plan)
- Targeted skills teaching in small group
- Token economy
- Detention
- Behavioural contract
- Counselling and guidance support
- Self-monitoring plan
- Check in Check Out strategy
- Teacher coaching and debriefing
- Referral to Student Support Network for team-based problem solving
- Stakeholder meeting with parents and external agencies

## Intensive

Our school leadership team works in consultation with Student Support Network to address persistent or ongoing serious problem behaviour. This may include:

- Functional Behaviour Assessment based individual support plan
- Complex case management and review
- Stakeholder meeting with parents and external agencies including regional specialists
- Temporary removal of student property (e.g. mobile phone)
- Short term suspension (up to 10 school days)
- Long term suspension (up to 20 school days)
- Charge related suspension (student has been charged with a serious criminal offence is suspended from school until the charge has been dealt with by the relevant justice authorities)
- Suspension pending exclusion (student is suspended from school pending a decision by the Director-General or delegate (principal) about their exclusion from school)
- Exclusion (student is excluded from a particular state school site, a group of state schools or all state schools in Queensland for a defined period of time or permanently)
- Cancellation of enrolment for students older than compulsory school age who refuse to participate in the educational program provided at the school.

## School Disciplinary Absences

A School Disciplinary Absence (SDA) is an enforced period of absence from attending a Queensland state school, applied by the Principal as a consequence to address poor student behaviour. There are four types of SDA:

- Short suspension (1 to 10 school days)
- Long suspension (11 to 20 school days)
- Charge-related suspension
- Exclusion (period of not more than one year or permanently).

At Mitchelton State School, the use of any SDA is considered a very serious decision. It is typically only used by the Principal when other options have been exhausted or the student's behaviour is so dangerous that continued attendance at the school is considered a risk to the safety or wellbeing of the school community.

Parents and students may appeal a long suspension, charge-related suspension or exclusion decision. A review will be conducted by the Director-General or their delegate, and a decision made within 40 schools days to confirm, amend/vary or set aside the original SDA decision by the Principal.

The appeal process is a thorough review of all documentation associated with the SDA decision and provides an opportunity for both the school and the family to present their case in the matter. Time is afforded for collection, dissemination and response to the materials by both the school and the family. It is important that the purpose of the appeal is understood so that expectations are clear, and appropriate supports are in place to ensure students can continue to access their education while completing their SDA.

### **Re-entry following suspension**

Students who are suspended from Mitchelton State School may be invited to attend a re-entry meeting on the day of their scheduled return to school. The main purpose of this meeting is to welcome the student, with their parent/s, back to the school. It is **not a time** to review the student's behaviour or the decision to suspend, the student has already received a punishment through their disciplinary absence from school. The aim of the re-entry meeting is for school staff to set the student up for future success and strengthen home-school communication.

It is not mandatory for the student or their parents to attend a re-entry meeting. It may be offered as a support for the student to assist in their successful reengagement in school following suspension.

### **Arrangements**

The invitation to attend the re-entry meeting will be communicated via telephone and in writing, usually via email. Re-entry meetings are short, taking less than 10 minutes, and kept small with only the Principal or their delegate attending with the student and their parent/s.

A record of the meeting is saved in OneSchool, under the Contact tab, including any notes or discussions occurring during the meeting.

### **Structure**

The structure of the re-meeting should follow a set agenda, shared in advance with the student and their family. If additional items are raised for discussion, a separate arrangement should be made to meet with the parent/s at a later date and time. This meeting should be narrowly focussed on making the student and their family feel welcome back into the school community.

Possible agenda:

- Welcome back to school
- Check in on student wellbeing
- Discuss any recent changes to school routine or staffing
- Offer information about supports available (e.g. guidance officer)

- Set a date for follow-up
- Thank student and parent/s for attending
- Walk with student to classroom

### Reasonable adjustments

In planning the re-entry meeting, school staff will consider reasonable adjustments needed to support the attendance and engagement of the student. This includes selecting an appropriate and accessible meeting space, organising translation or interpretation services or supports (e.g. AUSLAN), provision of written and/or pictorial information and other relevant accommodations. The inclusion of support staff, such as guidance officers or Community Education Counsellors, may also offer important advice to ensure a successful outcome to the re-entry meeting.

## School Policies

Mitchelton State School has tailored school discipline policies designed to ensure students, staff and visitors work cooperatively to create and maintain a supportive and safe learning environment. Please ensure that you familiarise yourself with the responsibilities for students, staff and visitors outlined in the following policies:

- Temporary removal of student property
- Use of mobile phones and other devices by students
- Preventing and responding to bullying
- Appropriate use of social media

### Temporary removal of student property

The removal of any property in a student's possession may be necessary to promote the caring, safe and supportive learning environment of the school, to maintain and foster mutual respect between all state school staff and students. The **Temporary removal of student property by school staff procedure** outlines the processes, conditions and responsibilities for state school principals and school staff when temporarily removing student property.

In determining what constitutes a reasonable time to retain student property, the principal or state school staff will consider:

- the condition, nature or value of the property
- the circumstances in which the property was removed
- the safety of the student from whom the property was removed, other students or staff members
- good management, administration and control of the school.

The Principal or state school staff determine when the temporarily removed student property can be returned, unless the property has been handed to the Queensland Police Service.

The following items are explicitly prohibited at Mitchelton State School and will be removed if found in a student's possession:

- illegal items or weapons (e.g. guns, knives\*, throwing stars, brass knuckles, chains)
- imitation guns or weapons
- potentially dangerous items (e.g. blades, rope)
- drugs\*\* (including tobacco)
- alcohol
- aerosol deodorants or cans (including spray paint)
- explosives (e.g. fireworks, flares, sparklers)
- flammable solids or liquids (e.g. fire starters, mothballs, lighters)
- poisons (e.g. weed killer, insecticides)
- inappropriate or offensive material (e.g. racist literature, pornography, extremist propaganda).

\* No knives of any type are allowed at school, including flick knives, ballistic knives, sheath knives, push daggers, trench knives, butterfly knives, star knives, butter knives, fruit knives or craft knives, or any item that can be used as a weapon, for example a chisel. Knives needed for school activities will be provided by the school, and the use of them will be supervised by school staff. In circumstances where students are required to have their own knives or sharp tools for subjects or vocational courses, the school will provide information about the procedures for carrying and storing these items at school.

\*\* The administration of medications to students by school staff is only considered when a prescribing health practitioner has determined that it is necessary or when there is no other alternative in relation to the treatment of a specific health need. Schools require medical authorisation to administer any medication to students (**including over-the-counter medications such as paracetamol or alternative medicines**).

## Responsibilities

**State school staff** at Mitchelton State School:

- do not require the student's consent to search **school property** such as lockers, desks or laptops that are supplied to the student through the school;
- may seize a student's bag where there is suspicion that the student has a dangerous item (for example, a knife) in their school bag, prior to seeking consent to search from a parent or calling the police;
- consent from the student or parent is required to examine or otherwise deal with the temporarily removed student property. For example, staff who temporarily remove a mobile phone from a student are not authorised to unlock the phone or to read, copy or delete messages stored on the phone;
- there may, however, be emergency circumstances where it is necessary to search a student's property without the student's consent or the consent of the student's parents (e.g. to access an EpiPen for an anaphylactic emergency);
- consent from the student or parent is required to search the person of a student (e.g. pockets or shoes). If consent is not provided and a search is

considered necessary, the police and the student's parents should be called to make such a determination.

**Parents** of students at Mitchelton State School ensure that their children do not bring property onto schools grounds or other settings used by the school (e.g. camp, sporting venues) that:

- is prohibited according to the Mitchelton State School Student Code of Conduct
  - is illegal
  - puts the safety or wellbeing of others at risk
  - does not preserve a caring, safe, supportive or productive learning environment
  - does not maintain and foster mutual respect;
- collect temporarily removed student property as soon as possible after they have been notified by the Principal or state school staff that the property is available for collection.

**Students** of Mitchelton State School

- do not bring property onto school grounds or other settings used by the school (e.g. camp, sporting venues) that:
  - is prohibited according to the Mitchelton State School Code of Conduct
    - is illegal
    - puts the safety or wellbeing of others at risk
    - does not preserve a caring, safe, supportive or productive learning environment
    - does not maintain and foster mutual respect;
- collect their property as soon as possible when advised by the Principal or state school staff it is available for collection.

## Use of mobile phones and other devices by students

Digital literacy refers to the skills needed to live, learn and work in a society where communication and access to information is dominated by digital technologies like mobile phones. However, the benefits brought about through these diverse technologies can be easily overshadowed by deliberate misuse which harms others or disrupts learning. This policy reflects the importance the school places on students displaying courtesy, consideration and respect for others whenever they are using personal technology devices.

### Certain Personal Technology Devices Banned From School

Students must not bring valuable personal technology devices to school as there is a risk of damage or theft. Such devices, not used in accordance with school policies, will be confiscated by school staff and may be collected at the end of the day from the school office. Breaches of this prohibition may result in disciplinary consequences.

## **Personal Technology Device Etiquette**

Bringing personal technology devices to school is not encouraged by the school because of the potential for theft and general distraction and/or disruption associated with them. However, if they are brought to school, they must be turned off, handed in at the office at the beginning of the school day and collected at the end of the school day.

### **Confiscation**

Permitted personal technology devices used contrary to this policy on school premises will be confiscated by school staff. They will be made available for collection from the school office at the end of the school day unless required to be kept for purposes of disciplinary investigation, when it will only be returned in the presence of a parent.

Devices potentially containing evidence of criminal offences may be reported to the police. In such cases police may take possession of such devices for investigation purposes and student and parents will be advised to contact Queensland Police Service (QPS) directly.

Students who have a personal technology device confiscated more than once will not be permitted to have a personal technology device at school for a period deemed necessary by the Principal.

### **Recording Voice and Images**

Every member of the school community should feel confident about participating fully and frankly in all aspects of school life without concern that their personal privacy is being invaded by them being recorded without their knowledge or consent.

We uphold the value of trust and the right to privacy at Mitchelton State School. Students using personal technology devices to record inappropriate behaviours or incidents (such as vandalism, fighting, bullying, staged fighting or pranks etc) to disseminate to others (including distribution by phone or internet posting) build a culture of distrust and disharmony.

Students must not record images anywhere that recording would not reasonably be considered appropriate (eg. In change rooms, toilets or any other place where a reasonable person would expect to be afforded privacy).

Recording of events in class is not permitted unless express consent is provided by the class teacher.

A school student who uses a personal technology device to record private conversations, ordinary school activities (apart from social functions like graduation ceremonies) or violent, illegal or embarrassing matter capable of bringing the school into public disrepute is considered to be in breach of this policy.

Even where consent is obtained for such recording, the school will not tolerate images or sound captured by personal technology devices on the school premises or elsewhere being disseminated to other, if it is done for the purpose of causing embarrassment to individuals or the school, for the purpose of bullying, including racial and sexual harassment, or where without such intent a reasonable person would conclude that such outcomes may have or will occur.

Students involved in:

- Recording, and/or
- Disseminating material (through text messaging, social media platforms and messaging, display, internet uploading, etc), and/or
- Knowingly being a subject of a recording

Breach of this policy may be subject to discipline (including suspension and recommendation for exclusion).

Students should note that the recording or disseminations of images that are considered indecent (such as nudity or sexual acts involving children), is against the law and if detected by the school will result in a referral to the Queensland Police Service.

### **Text Communication (including phone, email, internet messaging applications and social media)**

The sending of text messages that contain obscene language and/or threats of violence may amount to bullying and/or harassment or even stalking and will subject the sender to discipline and possible referral to QPS. Students receiving such text messages at school should ensure they keep the message as evidence and bring the matter to the attention of the school office.

### **Assumption of cheating**

Personal technology devices may not be taken into or used by student at exams or during class assessment unless expressly permitted by staff. Staff will assume students in possession of such devices during exams or assessments are cheating. Disciplinary action will be taken against any student who is caught using a personal technology device to cheat during exams or assessments.

### **Recording Private Conversations and the *Invasion of Privacy Act 1971***

It is important that all members of the school community understand that under the *Invasion of Privacy Act 1971*, 'a person is guilty of an offence against the Act if the person uses a listening device to overhear, record, monitor or listen to a private conversation'. It is also an offence under the Act for a person who has overheard, recorded, monitored or listened to a conversation to which s/he is not a party to publish or communicate the substance or meaning of the conversation to others.

Students need to understand that some conversations are private and therefore to overhear, record, monitor or listen to such private conversations may be in breach of the Act, unless consent to the recording is appropriately obtained.

### **Special Circumstances Arrangement**

Students who the use of a personal assistive technology device in circumstances that would contravene this policy (for example to assist with a medical condition or other disability or for a special project) should negotiate a special circumstances arrangement with the Deputy Principal or Principal.

### **Inappropriate behaviour outside of school hours**

Students may receive disciplinary consequences for bullying or cyber bullying or other inappropriate online behaviour that occurs out of school hours and affects the good order and management of the school.

At all times students, while using ICT facilities and devices supplied by the school, will be required to act in line with the requirements of the Mitchelton State School Student Code of Conduct. In addition students and their parents should:

- understand the responsibility and behaviour requirements (as outlined by the school) that come with accessing the department's ICT network facilities
- ensure they have the skills to report and discontinue access to harmful information if presented via the internet or email
- be aware that:
  - access to ICT facilities and devices provides valuable learning experiences for students and supports the school's teaching and learning programs
  - the school is not responsible for safeguarding information stored by students on departmentally-owned student computers or mobile devices
  - schools may remotely access departmentally-owned student computers or mobile devices for management purposes

Students who use a school's ICT facilities and devices in a manner that is not appropriate may be subject to disciplinary consequences.

## Preventing and responding to bullying

Mitchelton State School strives to create positive, predictable environments for all students at all times of the day. The disciplined teaching environment that we are creating is essential to:

- Achieving overall school improvement, including the effectiveness and efficiency of our student support procedures
- Raising achievement and attendance
- Promoting equality and diversity and
- Ensuring the safety and well-being of all members of the school community.

There is no place for bullying in Mitchelton State School. Research indicates that both those being bullied and those who bully are at risk for behaviour, emotional and academic problems. These outcomes are in direct contraction to our school community's goals and efforts for supporting all students.

Mitchelton State School defines bullying as behaviour when one person (or a group of people) with more power than someone else tries to upset or hurt them. This power can come from being more popular, stronger or part of the group. They might repeatedly try to hurt the person physically, socially isolate them, or say and do mean or humiliating things to them. Bullying can happen in person or online, and it can be obvious or hidden. If someone behaves in a mean or aggressive way on one occasion it isn't bullying, even though it is not respectful or acceptable. A fight or disagreement between two people of equal power or status isn't bullying. (source: [bullyingnoway.gov.au](http://bullyingnoway.gov.au))

Bullying behaviours that will not be tolerated at Mitchelton State School include name calling, taunting, mocking, making offensive comments, kicking, hitting, pushing, taking belongings, inappropriate text messaging, sending offensive or degrading images by phone or internet,

producing offensive graffiti, gossiping, excluding people from groups and spreading hurtful and untruthful rumours.

Bullying may be related to:

- Race, religion or culture
- Disability
- Appearance or health conditions
- Sexual orientation
- Sexist or sexual language
- Young carers or children in care.

## Rationale

Research indicates that many problem behaviours are peer-maintained. That is, peers react to bullying in ways that may increase the likelihood of it occurring again in the future. Reactions include joining in, laughing, or simply standing and watching, rather than intervening to help the person being bullied. Whilst our school would never encourage students to place themselves at risk, our anti-bullying procedures involve teaching the entire school a set of safe and effective responses to all problem behaviours, including bullying, in such a way that those who bully are not socially reinforced for demonstrating it.

The anti-bullying procedures at Mitchelton State School are an addition to our already research-validated schoolwide positive behaviour support processes. This means that all students are being explicitly taught the expected school behaviours and receiving high levels of social acknowledgement for doing so. Adding lessons on bullying and how to prevent and respond to it is a subset of procedure that our students are already accustomed to.

## Prevention

Attempting to address specific problem behaviours will not be successful if the general level of disruptive behaviour in all areas of our school is not kept to a low level. Therefore, our schoolwide universal behaviour support practices will be maintained at all times. This will ensure that:

- Our universal behaviour support processes will always remain the primary strategy for preventing problem behaviour, including preventing the subset of bullying behaviour
- All students know the four school rules and have been taught the expected behaviour attached to each rule in all areas of the school
- All students have been or are being taught the specific routine in the non-classroom areas, from exiting the classroom, conducting themselves in accordance with the school expectations in the playground and other areas, to re-entering their classrooms
- All students are receiving high levels of positive reinforcement for demonstrating expected behaviours, including those associated with following our routines, from all staff in the non-classroom areas of the school
- A high level of quality active supervision is a permanent staff routine in the non-classroom areas. This means that duty staff members are easily identifiable and are constantly moving, scanning and positively interacting as they move throughout the designated supervision sectors of the non-classroom areas.

The staff at Mitchelton State School utilise the federal government Bullying No Way resources to teach anti-bullying lessons.

Mitchelton State School will take part in the National Day of Action Against Bullying and Violence on the third Friday of March each year. This is to highlight the importance of bullying issues within our school community and what our school is doing to prevent this.

Students attend annual Cyberbullying sessions presented by the DETE Cybersafety and Reputation Management Team

Mitchelton State School uses behavioural data for decision-making. This data is entered into OneSchool and can be recalled as summary reports at any time. This facility allows the school to identify specific behaviour trends associated with bullying and develop whole school action plans to address.

## Bullying response flowchart for teachers

### Key contacts for students and parents to report bullying:

Prep to Year 6 – Class teacher supported by leadership team member where necessary

1  
First-hour  
Listen

- Provide a safe, quiet space to talk
- Reassure the student that you will listen to them
- Let them share their experience and feelings without interruption
- If you hold immediate concerns for the student's safety, let the student know how you will address these. Immediate in this circumstance is where the staff member believes the student is likely to experience harm (from others or self) within the next 24 hours

Day-One  
Document

- Ask the student for examples they have of the alleged bullying (e.g. hand written notes or screenshots)
- Write a record of your communication with the student
- Check back with the student to ensure you have the facts correct
- Enter the record in OneSchool
- Notify parent/s that the issue of concern is being documented

Day-two  
Collect

- Gather additional information from other students, staff or family
- Review any previous reports or records for students involved
- Make sure you can answer who, what, where, when and how
- Clarify information with student and check on their wellbeing

Day-three  
Discuss

- Evaluate the information to determine if bullying has occurred or if another disciplinary matter is at issue
- Make a time to meet with the student to discuss next steps
- Ask the student what they believe will help address the situation
- Provide the student and parent with information about student support network
- Agree to a plan of action and timeline for the student, parent and yourself

Day-four  
Implement

- Document the plan of action in OneSchool
- Complete all actions agreed with student and parent within agreed timeframes
- Monitor the student and check in regularly on their wellbeing
- Seek assistance from student support network if needed

Day-five  
Review

- Meet with the student to review situation
- Discuss what has changed, improved or worsened
- Explore other options for strengthening student wellbeing of safety
- Report back to parent
- Record outcomes in OneSchool

Ongoing  
Follow-up

- Continue to check in with student on regular basis until concerns have been mitigated
- Record notes of follow-up meetings in OneSchool
- Refer matter to specialist staff within 48 hours if problems escalate
- Look for opportunities to improve school wellbeing for all

## Appropriate use of social media

The department acknowledges the growing popularity of social media both as a communication and educational tool and supports its appropriate use. It also acknowledges the potential for damage to be caused (either directly or indirectly) to students, families and staff through the inappropriate use of social media. Students must understand they are responsible for the content they publish on social media platforms so it is important they understand what is expected of them while using social media. This section of the Student Code of Conduct clearly details what behaviour is expected of students, how this will be reinforced and possible consequences for failing to meet these standards.

Cyberbullying is treated at Mitchelton State School with the same level of seriousness as in-person bullying. The major difference with cyberbullying, however, is that unlike in-person bullying, cyberbullying follows students into their community, their homes and their bedrooms, giving them no opportunity to escape the harassment or abuse during the evening, weekends or holidays.

In the first instance, students or parents who wish to make a report about cyberbullying should approach the regular class teacher.

It is important for students, parents and staff to know that state school principals have the authority to take disciplinary action to address student behaviours that occur outside of school hours or school grounds. This includes cyberbullying. Parents and students who have concerns about cyberbullying incidents occurring during school holidays should immediately seek assistance through the [Office of the e-Safety Commissioner](#) or the Queensland Police Service.

## How to manage online incidents that impact your school

### Student protection

If at any point the principal forms a reasonable suspicion that a student has been harmed or is at risk of harm, they have a responsibility to respond in accordance with the [Student protection procedure](#).

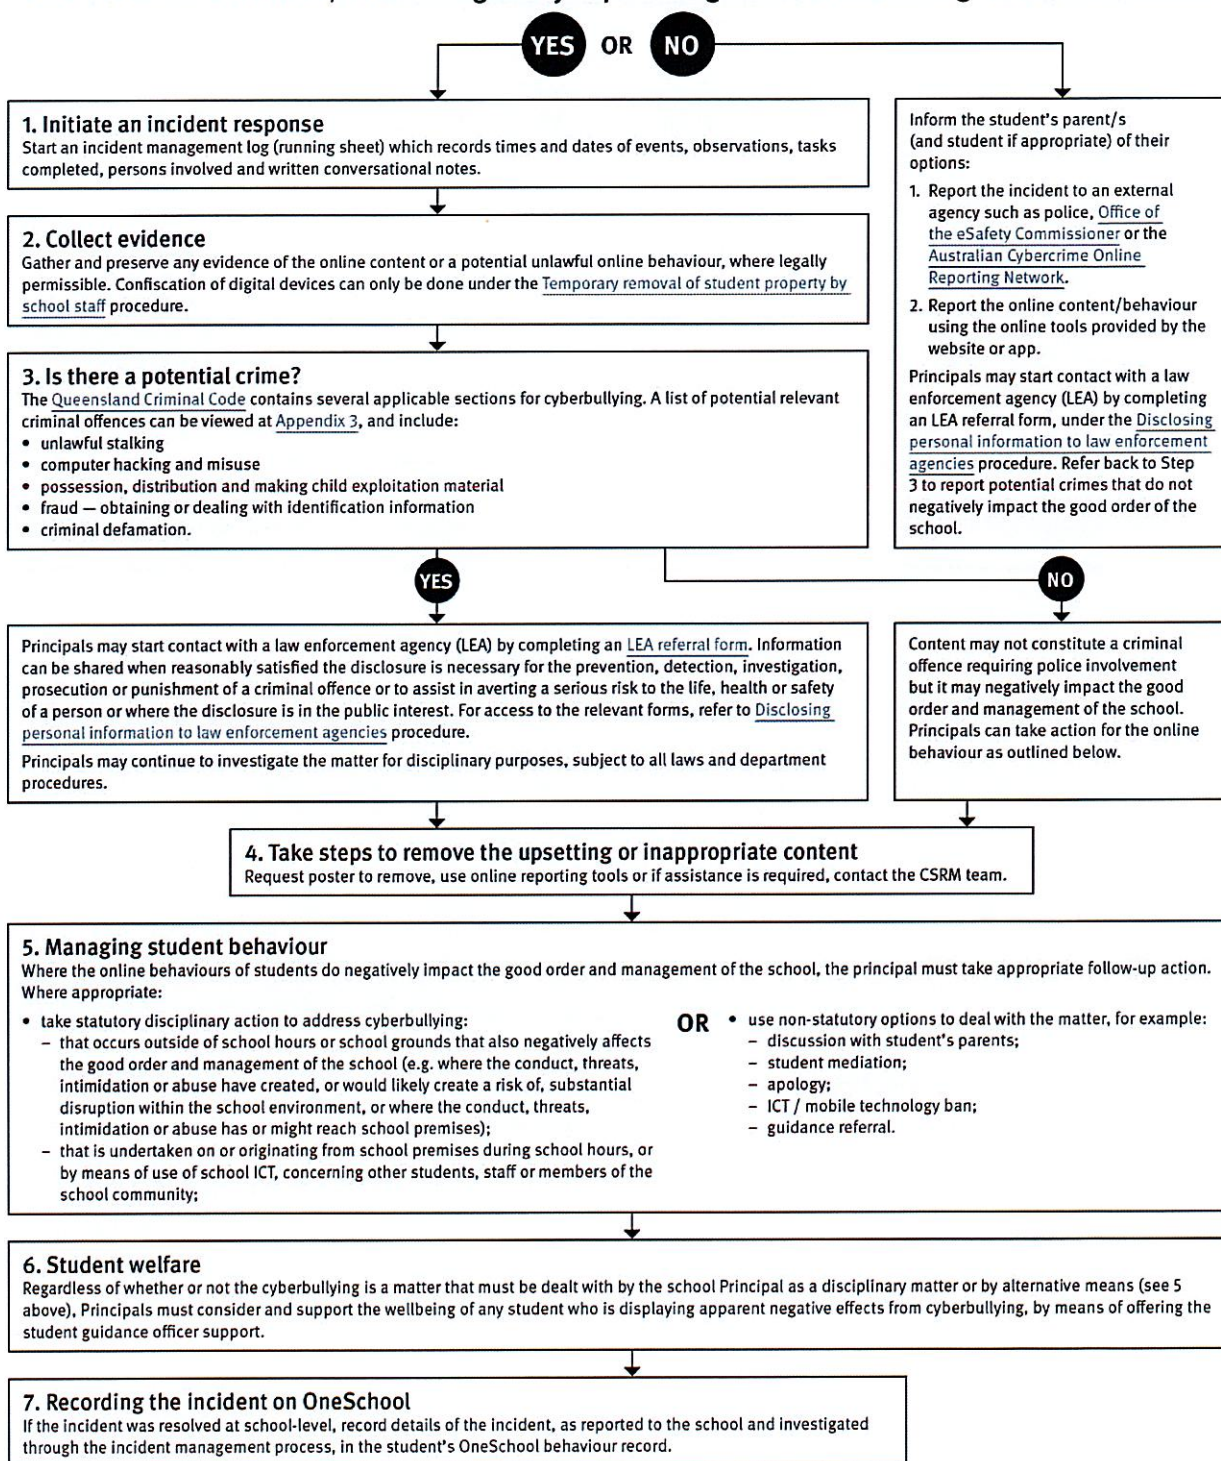

### Explicit images

If the investigation involves naked or explicit images of children, staff should not save, copy, forward or otherwise deal with the content, as per the [Temporary removal of student property by school staff procedure](#). This includes onto OneSchool records. Refer to the investigative process outlined in 'Responding to incidents involving naked or explicit images of children' from the [Online Incident management guidelines](#).

### Help

Refer to the [Online incident management guidelines](#) for more details, or if assistance is required, contact the [Cybersafety and Reputation Management \(CSRM\) team](#) on 3034 5035 or [Cybersafety.ReputationManagement@qed.qld.gov.au](mailto:Cybersafety.ReputationManagement@qed.qld.gov.au).

Does the online behaviour/incident negatively impact the good order and management of the school?

# Restrictive Practices

School staff at Mitchelton State School need to respond to student behaviour that presents a risk of physical harm to the student themselves or others. It is anticipated that most instances of risky behaviour can be de-escalated and resolved quickly. On some rarer occasions, a student's behaviour may continue to escalate and staff need to engage immediately with positive and proactive strategies aimed at supporting the student to manage their emotional arousal and behaviour.

In some very rare situations, where there is immediate risk of physical harm to the student or other people, and when all other alternative strategies have failed to reduce the risk, it may be necessary for staff to use restrictive practices.

The use of restrictive practices will always be as a last resort, when there is no other available option for reducing immediate risk to the student, staff or other people. Restrictive practices are not used for punishment or as a disciplinary measure.

The department's **Restrictive practices procedure** is written with consideration for the protection of everyone's human rights, health, safety and welfare. There are six fundamental principles:

1. Regard to the human rights of those students
2. Safeguards students, staff and others from harm
3. Ensures transparency and accountability
4. Places importance on communication and consultation with parents and carers
5. Maximises the opportunity for positive outcomes, and
6. Aims to reduce or eliminate the use of restrictive practices.

Very rarely restrictive practices will be planned and staff will employ, when necessary, pre-arranged strategies and methods (of physical restraint/ mechanical restraint/ clinical holding) which are based upon behaviour risk assessment or clinical health need and are recorded in advance. The use of planned strategies will only be where there is foreseeable immediate risk consistent with the **Restrictive practices procedure**.

Seclusion will not be used as a planned response and will only be used in serious circumstances for managing an unforeseeable situation in an emergency. It will be used for the shortest time possible and in a safe area that presents no additional foreseeable risk to the student. In such emergencies, a staff member will observe the student at all times and seclusion will cease as soon as possible.

Following the use of any restrictive practice, a focussed review will help staff to understand how they responded to the risk in any incident that involved the use of a restrictive practice. Staff will consider whether there are other options for managing a similar situation in the future. This strategy works well for reducing the use of restrictive practices.

All incidents of restrictive practices will be recorded and reported in line with departmental procedures.

## Critical Incidents

It is important that all school staff have a consistent understanding of how to respond in emergencies involving student behaviour that seriously endangers the student or others. This consistency ensures that appropriate actions are taken to ensure that both students and staff are kept safe.

A critical incident is defined as an occurrence that is sudden, urgent, and usually unexpected, or an occasion requiring immediate action (e.g. in the community, on the road). The aim in these situations is to bring the behaviour of the student under rapid and safe control. It is not a time to try and to punish or discipline the student; it is a crisis management period only.

Staff should follow the documented plan for any student involved in regular critical incidents, which should be saved and available for staff to review in OneSchool.

For unexpected critical incidents, staff should use basic defusing techniques:

1. Avoid escalating the problem behaviour: Avoid shouting, cornering the student, moving into the student's space, touching or grabbing the student, sudden responses, sarcasm, becoming defensive, communicating anger and frustration through body language.
2. Maintain calmness, respect and detachment: Model the behaviour you want students to adopt, stay calm and controlled, use a serious measured tone, choose your language carefully, avoid humiliating the student, be matter of fact and avoid responding emotionally.
3. Approach the student in a non-threatening manner: Move slowly and deliberately toward the problem situation, speak privately to the student/s where possible, speak calmly and respectfully, minimise body language, keep a reasonable distance, establish eye level position, be brief, stay with the agenda, acknowledge cooperation, withdraw if the situation escalates.
4. Follow through: If the student starts displaying the appropriate behaviour briefly acknowledge their choice and re-direct other students' attention towards their usual work/activity. If the student continues with the problem behaviour, then remind them of the expected school behaviour and identify consequences of continued unacceptable behaviour.

5. Debrief: At an appropriate time when there is low risk of reescalation, help the student to identify the sequence of events that led to the unacceptable behaviour, pinpoint decision moments during the sequence of events, evaluate decisions made, and identify acceptable decision options for future situations.
